

Facilities Use Policy

Revised November 2, 2017

The Woodridge Baptist Church campus and related facilities has been provided to the Kingwood community through the generous gifts of members, donors and others who are associated with our community of faith. We are to be good stewards of our facilities, which require us to put policies into place that will help us to ensure that the facilities remain in good condition allowing us to continue to serve the community for many years to come.

The primary purpose of our facilities is to provide safe and secure space in order that our church ministries can reach and serve our surrounding community. The ministries and programs of the church have first priority, followed by members, non-members and organizations within the community. This could include charitable, educational and religious organizations. The church's facilities are not generally available to the public, we will make our facilities available to approved non-members and groups.

We will not permit people, groups or organizations that have the intention of holding, advancing, and/or advocating beliefs or practices that are inconsistent with the church's faith and fundamental beliefs as stated in the by-laws, church website and related policies and procedures. The church may also not be used by individuals, including members, for activities that contradict or are inconsistent with the church's faith and fundamental beliefs. The Executive Pastor, or his official designee, will be the final decision maker concerning the use of the church's facilities.

We have these requirements in order to protect the church as well as to protect the community and the people within the community. It is required that the church present a message that is consistent with the church's faith and fundamental beliefs and that the community is aware of these standards. It is understood that if the church becomes inconsistent in its policies, there will be a negative impact on the church and its members, as well as a negative impact on the community. It is understood that people, groups and organizations that use the church's facilities are in line with and agree to the same faith system and fundamental beliefs of the church.

The church, at any time, has the right and responsibility to deny the use of the church's facilities if in good faith believes that the individuals, groups or organizations that want to use the space are not in line with the beliefs and values of the church.
